

SYNCHRONIZED FACIAL SKIN + MUSCLE PLATFORM

PRASELIFT

Support the framework of the face from the inside out.

SIMULTANEOUS SKIN + MUSCLE ENHANCEMENT

2

SYNCHRONIZED TECHNOLOGIES

20 MIN*

FULL-FACE EXAMPLE

NEEDLE-FREE

NON-INVASIVE APPROACH

FACIAL STRUCTURE, REIMAGINED

Tone the framework. Condition the skin.

PraseLift combines targeted facial muscle stimulation with controlled thermal energy to address facial support and skin quality in one synchronized treatment concept.

01 Two technologies together

Muscle stimulation and controlled thermal energy are applied within one provider-directed facial protocol.

02 Targeted facial zones

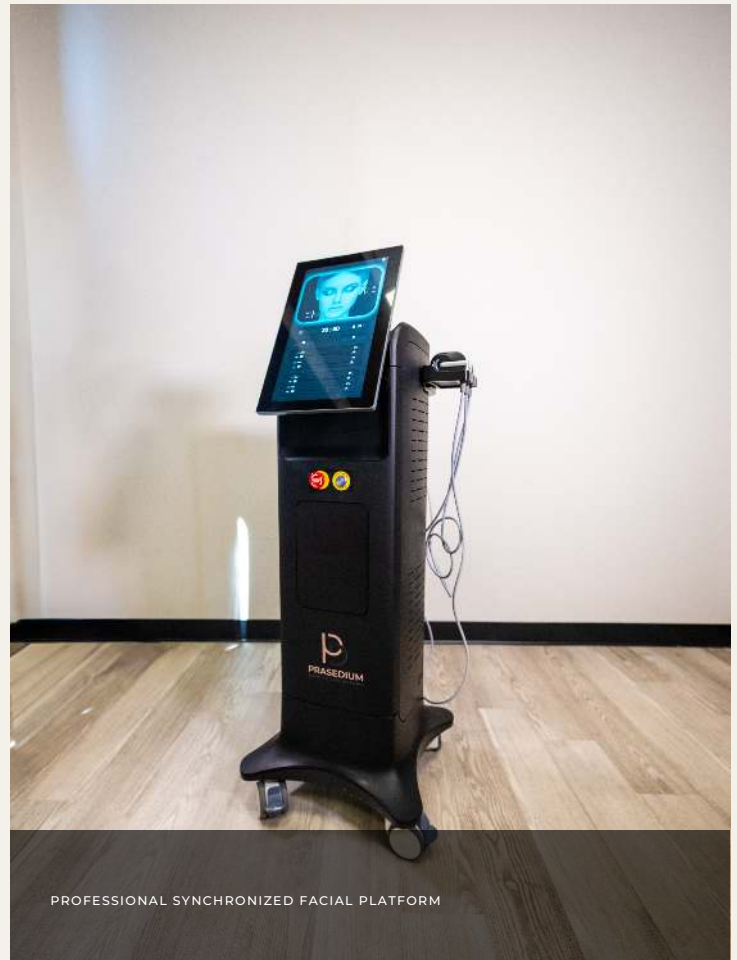

Applicators are configured for the forehead, cheeks and submental area.

03 Hands-free placement

Facial patches and supports are designed to maintain consistent positioning during the treatment cycle.

04 Needle-free experience

The manufacturer positions the platform as non-invasive, injection-free and without planned downtime.

PROFESSIONAL SYNCHRONIZED FACIAL PLATFORM

FULL FACE

MULTI-ZONE APPLICATION

HANDS-FREE

SUPPORTED APPLICATORS

0

NEEDLES OR FILLERS

TWO LAYERS, ONE TREATMENT

Muscle engagement meets skin conditioning.

Manufacturer materials describe stimulation of selected facial muscles while controlled heat supports collagen- and elastin-focused skin remodeling.

MUSCLE

TARGETED STIMULATION

Protocols are designed around muscles including the frontalis and zygomatic groups, with attention to facial contour and support.

SKIN

CONTROLLED THERMAL ENERGY

Thermal energy is positioned to support collagen- and elastin-focused remodeling within a professional treatment plan.

ZONES

FOREHEAD + CHEEKS

Dedicated patches are positioned across selected upper- and mid-face regions according to the device protocol.

CONTOUR

SUBMENTAL FOCUS

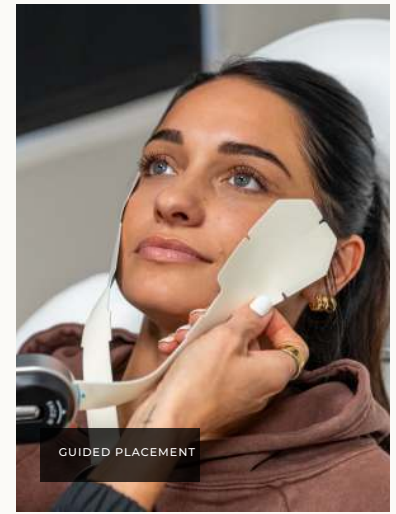

A dedicated applicator broadens protocol planning to the double-chin and lower-face area.

*The original manufacturer brochure presents a 20-minute full-face example. Treatment time, settings, patient suitability and outcomes vary and must follow current labeling.

DESIGNED FOR FACIAL PRECISION

Targeted tools. Guided placement.

The platform pairs an angled interface with supported applicators for a controlled, multi-zone facial workflow.

01

Forehead patches

Dedicated applicators are positioned for controlled work across the forehead region.

02

Cheek patches

Mid-face placement supports protocols focused on the zygomatic muscle groups and facial contour.

03

Submental applicator

A separate treatment head supports protocols directed to the lower-face and double-chin area.

04

Hands-free cycle

Supported placement helps maintain applicator position once the protocol is selected and supervised.

FACIAL PROGRAM POTENTIAL

A flexible service menu.

Facial muscle tone	01
--------------------	----

Forehead-focused protocols	02
----------------------------	----

Cheek + mid-face support	03
--------------------------	----

Lower-face + submental contour	04

SELECT SPECIFICATIONS

TREATMENT CONCEPT

Skin + muscle enhancement

FACIAL ZONES

Forehead, cheeks, submental

SESSION EXAMPLE

Full face in 20 minutes*

APPROACH

Needle-free and non-invasive

Specifications are based on the supplied manufacturer brochure and should be confirmed against the exact shipping configuration.

PRACTICE POTENTIAL

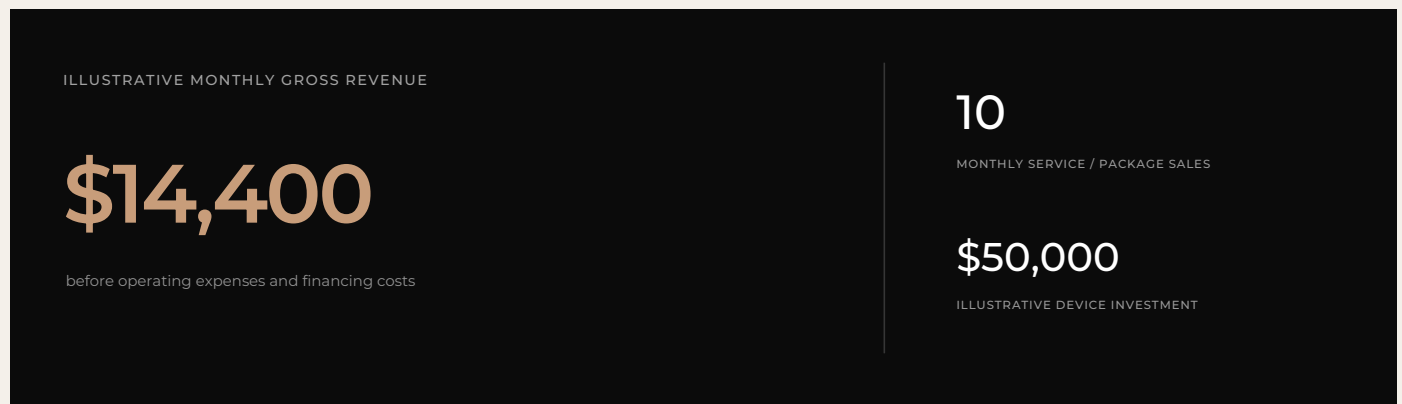

A multi-zone approach to facial rejuvenation.

PraseLift can support provider-designed facial programs centered on muscle tone, facial support and the appearance of skin quality.

ILLUSTRATIVE PRACTICE POTENTIAL

A manageable monthly service mix.

This scenario applies the supplied prices and monthly sales assumptions consistently across each listed service or package.

GROSS-REVENUE CONTRIBUTION

SCENARIO BOUNDARIES

Gross revenue only. Staffing, consumables, overhead, discounts, cancellations, taxes and financing costs are excluded. Actual pricing, volume and results vary.

TRANSPARENT ASSUMPTIONS

The scenario, line by line.

Each line uses the stated illustrative price multiplied by the assumed number of service or package sales in one month.

SERVICE OR PACKAGE	PRICE	SALES / MO.	GROSS REVENUE
Single treatment	\$800	7	\$5,600
Three-treatment package	\$2,400	2	\$4,800
Six-treatment package	\$4,000	1	\$4,000
ILLUSTRATIVE TOTAL		10	\$14,400

MODEL NOTE

Package counts represent package sales, not individual completed sessions. This illustration is not a forecast, guarantee of demand, or representation of profit. Practices should replace every input with their own pricing, capacity and cost assumptions.

LIFT, THOUGHTFULLY APPROACHED

Bring synchronized facial care to practice.

PraseLift configuration, training and protocol planning can be tailored to the facial services and workflow your practice intends to offer.
