WINDOW**

ONE PLATFORM. FIVE TREATMENT CATEGORIES. MORE REVENUE OPPORTUNITIES.

LumiClear combines dual-spectrum DPL technology, two treatment modes and contact cooling in one versatile platform—helping you expand your service menu and grow your practice.

HAIR REDUCTION

Create high-demand treatment packages.

SKIN REJUVENATION

Add a versatile facial treatment option.

PIGMENT FOCUSED CARE

Target common pigmentation concerns.

VASCULAR FOCUSED CARE

Expand light-based skin services.

ACNE FOCUSED CARE

Add another treatment pathway for acne-prone skin.

Dual-spectrum flexibility

530–750 nm and 640–750 nm filters for a wider range of professional protocols.

Two treatment modes

In-Motion and Stamp modes for flexibility across treatment areas.

Efficient coverage

10 × 50 mm sapphire window for consistent coverage of larger zones.

Integrated cooling

Semiconductor, air and water cooling with contact gel for a comfortable treatment experience.

SELECTIVE LIGHT DELIVERY. BUILT FOR RESULTS.

Narrower, purposefully filtered spectrum to balance target absorption, penetration depth and controlled heat build-up.*

530–750 nm

SKIN-FOCUSED BAND

Optimized for skin rejuvenation, pigmentation, vascular and acne-focused protocols.

530 nm

750 nm

-  Rejuvenation
-  Pigmentation
-  Vascular
-  Acne

640–750 nm

HAIR-FOCUSED BAND

Red to near-infrared band optimized for melanin targeting and professional hair reduction.

640 nm

750 nm

OPT / AFT EVEN PULSE DELIVERY

Pulse architecture designed to maintain more uniform energy delivery than a sharp triangular output profile.

1–10 HZ WORKFLOW CONTROL

Adjustable repetition supports both gliding In-Motion work and more targeted Stamp-mode delivery.

*Settings, filter selection, eye protection and patient suitability must be determined by a properly trained professional using current device labeling.

DESIGNED FOR PROVIDERS. BUILT FOR EVERYDAY PRACTICE.

The system combines an angled interface, two handpieces and a mobile footprint for a practical room-to-room workflow.

**GUIDED
INTERFACE**

**DUAL
HANDPIECES**

**MOBILE
PLATFORM**

01

REAL SAPPHIRE CONTACT

The handpiece window uses sapphire for direct contact during light delivery.

02

MANUFACTURER- RATED DURABILITY

The handpiece is described by the manufacturer as rated for up to one million shots.

03

TWO WORKING MODES

In-Motion and Stamp modes support different delivery techniques and treatment zones.

04

MULTI-LANGUAGE SOFTWARE

The interface is designed to support guided operation across multiple language options.

SMART INVESTMENT. STRONGER PRACTICE.

LumiClear is more than a treatment platform—it's a practice growth engine. Expand your service menu, increase patient satisfaction and drive measurable results.

EXPAND REVENUE OPPORTUNITIES

Offer in-demand treatments that attract new patients and drive repeat visits.

ELEVATE PATIENT EXPERIENCE

Deliver comfortable, effective treatments with visible results.

BUILT FOR RELIABILITY AND SAFETY

Engineered with precision technology and integrated safety features.

MAXIMIZE RETURN ON INVESTMENT

High performance, low operating costs and long-term value.

BUILT FOR YOUR BOTTOM LINE

GROW YOUR PRACTICE. GROW YOUR REVENUE.

LumiClear helps you capture new revenue streams while strengthening patient loyalty and retention.

20–40%
INCREASE IN
NEW PATIENTS

Attract new patients with in-demand treatments.

30–60%
GROWTH IN
TREATMENT REVENUE

Expand your service menu and increase average ticket.

90%+
PATIENT SATISFACTION
RATE

Deliver results patients love—and keep coming back for.

WHAT COULD LUMICLEAR LOOK LIKE IN **YOUR** PRACTICE?
